ORANGE RIVER – 2-DAY RAFTING TRIP

Arrival:

Arrive at our base camp, just across the Namibian border, where our camp manager will greet you. After your day of travel, you might enjoy a refreshing swim or a game of volleyball.

Dinner is served at 7 PM. Afterward, we gather around the campfire to get to know each other, and at 8 PM, we hold a “packing speech.” During this time, we’ll teach you how to pack your luggage, beverages, and personal items. It’s the perfect opportunity to ask any questions you have about what to expect on the river. Your friendly guide will be more than happy to ease any concerns!

Day 1:

After an early breakfast, your guide will provide a safety briefing and equipment demonstration, teaching you how to paddle, what to do if you capsize, and how to stay safe in rapids. Before hitting the river, you can fill your cooler with ice. You’ll spend most of the morning drifting and getting comfortable with paddling!

Your first lunch break on the riverbanks, surrounded by majestic mountains, will take your breath away. We’ll continue downstream until we find a campsite for the night, where you can sleep under the star-lit sky.

Day 2:

Experience the unique beauty of waking up in the desert. The day will be filled with leisurely drifting along the current, taking a swim whenever you like, tossing a frisbee, or simply relaxing.

You’ll paddle until you reach the collection point at Sjambok. On this final day, you’ll be picked up at the endpoint between 2 PM and 4 PM. Congratulations—you’ve rafted approximately 45 km! A drive through the semi-desert will bring us back to base camp. After a refreshing swim, you can enjoy some sundowners while the guides prepare dinner. You’ll spend the night with us at the camp.

Departure day:

After an unforgettable journey on the river, you’re free to head home the morning after your second day on the water.
